In the Matter of

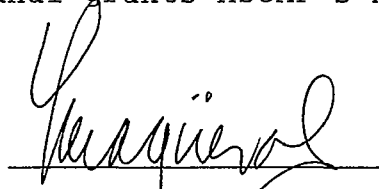

1989 Satellite Carrier  
Royalty Distribution Proceeding

Docket No. 91-1-89SCD

ORDER

On March 12, 1991, the American Society of Composers, Authors, and Publishers filed a motion for acceptance of a late-filed pleading. The pleading was reply comments to Program Suppliers' request for a declaratory ruling on the eligibility of network program copyright owners to participate in the satellite carrier royalty distribution.

For good cause shown, the Tribunal grants ASCAP's motion and ASCAP reply comments are accepted.
